BLAS ORGANIC SMALL BATCH BREWS

BLAS is a small Irish/Danish family-run micro-brewery housed in an old creamery 10 km from Billund where the hills and forests of the Vejle Ådal turn into the barren heath of West Jutland. We take our inspiration from the diversity of our wonderful world and its different peoples and cultures.

We brew on a small fully manual 350-liter brewhouse and place a strong focus on experimentation and continuously handcrafting new and exciting beers that are balanced, fresh and full of flavour. Caring about nature and our local community is at the heart of what we do. That's why all of our beers are certified organic, our grain is grown and malted here in Denmark and our spent mash is used to feed cattle at local farms.

BLAS

OUR BEER GENRES

DARK

Our DARK range uses roasted malts to create full-bodied beers with a deep brown to black hue. Typical characteristics: low to medium bitterness, full-bodied, caramel and roasted flavours from malt.

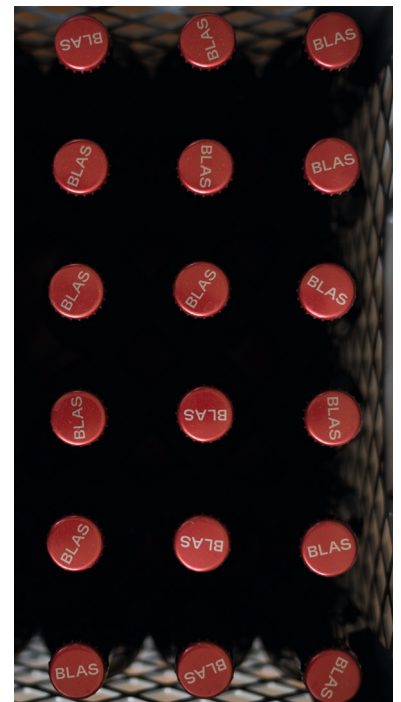

FARM

Our FARM range is inspired by the traditional brews enjoyed by seasonal farm workers. The perfect thirst quenchers. Typical characteristics: funky yeast-driven flavours, high carbonation and a dry finish.

HAZE

Our HAZE range is inspired by the contemporary New England IPA style of beers.

Typical characteristics: low bitterness, silky-smooth mouthfeel and stone fruit flavour and aroma from hops.

BLAS ORGANIC SMALL BATCH BREWS

NOBLE

Our NOBLE range is our take on the traditional beer styles of continental Europe and the Americas.

Typical characteristics: varies according to style.

SINGLE

Each of the beers in our SINGLE range showcases a unique hop variety on a simple malt profile.

Typical characteristics: soft bitterness, silky-smooth mouthfeel and lots of flavor and aroma from the showcased hop variety.

TART

Beers in our TART range are intentionally brewed to have a degree of acidity or sourness.

Typical characteristics: low to zero bitterness, pleasantly acidic, highly carbonated and refreshing.

WEST

Our WEST range pays tribute to the "West Coast IPA" style at the center of the craft-beer revolution. Typical characteristics: medium to strong bitterness, pine and citrus flavour and aroma from hops.

Our selection of BLAS beer varies a lot, please ask our staff for recommendation.

Wine list

HOTEL LEGOLAND®

The wine journey

Hotel LEGOLAND® has carefully selected a wide range of quality wines in collaboration with Vinmonopolet. We have focused on building a selection that embraces a broad spectrum of tastes while also complementing our gastronomic profile.

The journey primarily showcases European wines with a strong emphasis on organic options. To ensure you feel confident in your wine choices, we have developed brief descriptions of the wines along with a sweetness scale (see below) to guide you towards your preferred wine style. We offer a diverse selection of wines by the glass, as well as the opportunity to sample a selection of premium wines by the glass served with Coravin*.

We prioritize high quality in our wine selection to provide you with a great wine experience. If you desire special premium wines, you will find our Cellar Selection at the back of the wine list. If you have any questions or require guidance, please feel free to approach our servers who are well-equipped to assist you in making the right choice.

Have a wonderful wine journey.

Organic Labeling: 

Sweetness Chart

Our sweetness chart can assist you in choosing the right wine. The chart is indicated with a glass symbol next to each wine. The scale ranges from 1 to 5 glasses.

For sparkling wines, Champagne, white wines, and rosé:

- 1 : Very dry
- 2 : Dry
- 3 : Dry and fruity
- 4 : Semi-dry, fruity, and juicy
- 5 : Sweet, fruity, and juicy

For red wines:

- 1: Dry
- 2 : Dry and fruity
- 3 : Spicy and intense
- 4 : Intense and full-bodied
- 5 : Intense, juicy, and sweet-tasting

*Coravin wine systems work by injecting a taste- and odor-neutral argon gas into the bottle through the specially designed needle, replacing the wine you pour out. The result is that the wine in the bottle retains the same shelf life as if none had been taken.

We have a selection of premium wines available by the glass.

Champagne

Hotel LEGOLAND® Cattier Champagne Ambassador

Hotel LEGOLAND® is a proud ambassador for Cattier Champagne and offers a wide selection of delicious Champagnes. Cattier originates from the central part of the Champagne region in the city of Reims. Their 33 hectares of vineyards span across multiple areas in Chigny-les-Roses in the Montagne de Reims, primarily known as Pinot country where red grapes dominate, but they naturally also cultivate Chardonnay.

The Cattier family has owned vineyards in Champagne since 1763.

We recommend you start with a glass of Cattier Icone Brut as an aperitif.
