

**Experiences  
for everyone**

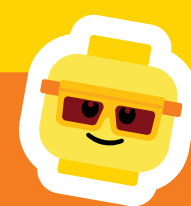

**In this guide, you will find information about accessibility options and ride restrictions for guests with visible and non-visible disabilities at each ride.**

At LEGOLAND®, we want every guest to have a great experience, and we offer a wide range of facilities and services to support guests with additional needs.

There are many rides you can enjoy, but for safety reasons, some rides may not be suitable for all guests.

If you have any questions, please speak to the ride staff. They are familiar with all ride requirements and restrictions and will be happy to assist you.

## Show Consideration

If you or your child have a hidden disability or a diagnosis that makes it difficult to wait in line for our rides, you can receive a Show Consideration wristband, which provides faster access to selected rides.

The wristband can be obtained at the Information Desk on the day of your visit by presenting valid documentation, such as a companion card or a medical certificate, specifically confirming that, due to a diagnosis, you are unable to wait in queues.

The wristband allows you and up to five accompanying guests to access selected rides more quickly.

## Show Consideration wristband

- The Show Consideration wristband is issued at the Information Desk on the day of your visit.
- To receive a Show Consideration wristband, you must present a companion card or a medical certificate specifically stating that, due to a diagnosis, you are unable to wait in queues.
- The wristband allows faster access to rides for you and up to five accompanying guests.
- The wristband gives access to 1 go hourly per ride.
- Show your Show Consideration wristband at the rides for easier access. The rides can be accessed via the Fastrack entrance. If the ride does not have a Fastrack entrance, use the ride's exit or contact the staff.
- At Ghost - The Haunted House you must be accompanied by a companion over the age of 18. This is solely for your safety.

## Be visible when you choose the Sunflower Lanyard

LEGOLAND® is a member of the Hidden Disabilities Sunflower program, which is designed for guests with non-visible disabilities who may benefit from extra time, understanding, patience, or assistance during their visit.

You can collect a Sunflower Lanyard from the Information Desk or any of our reception desks.

The Sunflower Lanyard does not provide any special access or benefits within LEGOLAND. It simply helps our staff recognize that you may appreciate additional support during your visit.

On the following pages, you will find an overview of the rides you can enjoy, based on your disability and individual access needs.

Entrance to the ride

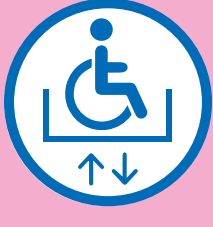

You must be able to hold on to the safety bar or handrail

Wheelchair access

You must be able to navigate stairs or uneven terrain

\* Exceptions apply. Please see ride signage for details

\*\* Must be able to maintain control using at least one hand

\*\*\* There is a risk of getting wet

Additional restrictions for each ride are displayed at the entrance to the ride. These restrictions are the official requirements and apply at all times.

Attraction staff may refuse access to individual guests if they determine that the safety requirements and restrictions cannot be met.

## Information Desk

You will find the Information Desk just inside the main entrance. Here, you can obtain a Show Consideration wristband and receive advice and guidance to help you make the most of your day in the park.

## Accessible toilets

Accessible toilets are available at most restroom locations throughout LEGOLAND®. You can find the nearest accessible toilet using our app. If you require a toilet with an adult changing bench, a key fob can be collected from the Information Desk against a refundable deposit of 100 DKK to gain access.

## First Aid

Our First Aid Station is located near the Traffic School. Assistance is available throughout the day should you experience a medical issue or sustain an injury during your visit.

## Accessibility around the park

Most areas of the park are accessible by wheelchair or mobility scooter. While there are a small number of locations with stairs, an alternative accessible route is always available nearby.

## Wheelchair and pushchair loan

Wheelchairs can be borrowed and pushchairs can be loan from the Information Desk. As the number of wheelchairs available is limited, we recommend reserving one in advance of your visit. Reservations can be made through our website. Please note that borrowed wheelchairs must remain within the park and may not be taken off-site.

## Assistance or guide dogs

Dogs on a lead are always welcome at LEGOLAND®. If you have a certified assistance or guide dog, there are also selected rides where your dog may accompany you. Please refer to the ride overview for further information. Dogs must never be left unattended and must remain on a lead at all times. Complimentary dog waste bags are available at the entrance. Certified assistance or guide dogs are permitted in all LEGOLAND shops and restaurants.

## Access to shops

All shops are accessible via ramps.

## Access to restaurants

Please speak to a member of staff if you require assistance. Most restaurants and food outlets are accessible by wheelchair. At some locations, a doorbell is available to call for assistance if needed.

## Parking

We offer free parking for guests displaying a valid Blue Badge or equivalent disabled parking permit. Accessible parking spaces can be accessed via the entrance located next to P1. Please ensure that your disabled parking permit is clearly visible in the vehicle's windscreen at all times.
