

THE 'SHOW CONSIDERATION' SCHEME 2019

For guests at LEGOLAND® with hidden disabilities, difficulties understanding the concept of queuing, or a limited capability for following instructions, we offer the 'Show Consideration' wristband. This allows you faster access to the rides and means less time queuing.

Guidelines for using the 'Show Consideration' wristband:

If your group is eligible for the 'Show Consideration' wristband, the person in need of assistance will be given a blue wristband, while the companion is given a red wristband. The companion must also sign this form.

Show the 'Show Consideration' wristband at the rides to get easier access. You can access the rides through the Q-bot entrance, or, if the Q-bot entrance is not available, through the exit lanes.

You must always be accompanied by your companion with the red wristband when entering the rides. For safety reasons, your companion must be at least 18 years old. It is possible to be accompanied by more than one companion, as long as they are over 18 years old and wearing a red wristband. It is the employees at the individual rides who determine whether a person is eligible to enter as a responsible companion, and their word is final.

You are allowed to bring a maximum of 4 guests with you on a ride. At least one of these guests must be a companion with a red wristband.

We almost always offer our 'Show Consideration' guests an extra ride, but on very busy days we may have to limit this. If you want additional rides, you are welcome to come back after one hour.

If an employee finds that it is not safe for you to go on a ride, he or she is obliged to make sure that you do not expose yourself to risk and may therefore reject you. This is solely for your own safety.

All restrictions at the rides must be respected by all guests. You can find the restrictions on our home page or on the Safe & Fun signs at the individual rides.

Please be aware that there are strobe lights in LEGO® Studios, THE TEMPLE, Ghost – The Haunted House and LEGO NINJAGO® The Ride. The 'Show Consideration' wristband does not provide access/advantages to unmanned rides, playgrounds, events and special events, SEAT Traffic School, Indian camp, LEGOLDMINE®.

I hereby confirm that I have read and understood the above guidelines.
